## contents of deleted record

```
"C:\Users\Diwakar Mishra\Desktop\project.exe"

Serial Number=0
Name = raj
Disease = corona
Cabin no = 45
Phone number = 0-1743418394
Age=23

**Enter your choice**

1. Add Information
2. View Information
3. Search
4. Edit Information
5. Delete Information
6. View history
7. Search history
8. Exit

Option=
```

The screenshot shows a Windows command prompt window titled "C:\Users\Diwakar Mishra\Desktop\project.exe". The window displays the details of a deleted record: Serial Number=0, Name = raj, Disease = corona, Cabin no = 45, Phone number = 0-1743418394, and Age=23. Below this, a menu is presented with the prompt "\*\*Enter your choice\*\*". The menu options are: 1. Add Information, 2. View Information, 3. Search, 4. Edit Information, 5. Delete Information, 6. View history, 7. Search history, and 8. Exit. The prompt "Option=" is visible at the bottom of the menu.
